

2nd Grade

At Home Learning Opportunities

Dear Families,

Please find below online resources you can access along with what your child brought home. The 2nd grade teachers' websites have been updated and should be checked on a **regular basis** for current information.

Reading: www.RAZKIDS.com (read leveled books, record your reading online, answer reading comprehension questions)

www.getepic.com (access to more online books, folktales, fables, & more).

The grade level websites contain further information and activities to support our current unit: Fables & Folktales .

writing: Students are learning how to write book reviews. You can access online learning modules on Opinion Writing via our class websites. Students should write book reviews that include a hook, opinion, reasons with examples, and an ending that restates their opinion.

Math: Please access Math Topic 9 via the Pearson Easy Bridge App on your child's Google Account. Students should watch the Visual Learning Videos for Topic 9, complete the Solve & Share, discuss the Guided Practice with an adult, complete the Independent Practice pages, and access the Grade 2 Game Center. Other math practice options include Factivation and continuing at home fact practice activities.

Fundations: Please complete Unit 9 practice pages sent home in addition to the At Home Practice packet that was sent home at the beginning of Unit 9. Please continue to have your child practice their Trick Words that were sent home (Units 1-9).

iReady: Please have your child login to iReady Reading and Math daily (20 minutes per subject).

Social Studies: Access our Social Studies unit: The Environment from your child's teacher's website.
